

## SAWANEE AIMSAARD

### **Personal Information**

Date of Birth : January, 1992  
Age : 30  
Address : Bangkok, Thailand  
Mobile : 085-XXX-XXXX  
E-mail : Bellaimsaard@gmail.com  
Website : <https://bellaimsaard.github.io/myportfolio.github.io>

### **Education**

#### **Kasetsart University (Bang Khen)**

2010-2014

Bachelor of Engineering with First Class Honours

Major in Electrical Engineering (Communication), GPA 3.74

Special Project: Program (MatLab) for AS3990 UHF RFID Reader Evaluation Board Control and Dual Mode Antenna for UHF RFID

#### **Sarawittaya School**

2008-2010

Science and Mathematics, GPA 3.77

### **Work Experiences**

#### **HCM Specialist (ABAP Programmer)**

May 2019 - Current

ABeam Consulting Thailand

- Develop ABAP programs for FI, MM, SD and HR modules
  - Develop FI module such as Payment Text File, Upload GL AR AP Accounting Document, and Tax Invoice/Receipt Form
  - Develop MM module such as Inventory Aging Report, Purchase Order (PO) Form, Purchase Requisition (PR) Validation and Material Basic View with Classification Report
  - Develop SD module such as Delivery Paper Form, Tax Invoice Form, Debit/Credit Note Form, Importer Security Filing (ISF) Form and Monthly Planning Report
  - Develop HR module such as Payroll, Bank Transfer and Provident Fund Report
- Develop Cloud Platform Integration (CPI)
  - Integrate between Performance & Goal Management (PMGM) and Employee Central (EC) on SuccessFactors
  - Send API from SuccessFactors to other systems
- Tune performance programs
- Support Go-Live Projects

#### **Technical Analyst (ABAP Programmer)**

August 2017 – April 2018

Emeritis Thailand

- Developed ABAP programs for HR module
  - Updated/Inserted/Deleted records in Standard Infotype, Modified Standard Infotype and Created Custom Infotype
  - Developed interface program (ALV, Text File, PDF, Excel) such as Personnel Administration (PA), Employee Certification, Pay-slip and Training and Event Management (TEM)
  - Developed Web Dynpro such as Employee Resume and 50BIS
- Developed Cloud Platform Integration (CPI)

- Developed program by using groovy and XSLT language programming such as importing and exporting Employee and Master Data on SuccessFactors with SFAPI (SuccessFactors Data API), oDataV2
- Created OData Service to support other systems
- Replicated SAP SuccessFactors Employee Master Data and Organization Assignments from Employee Central to SAP ERP HCM
- Analyzed, debugged, solved issues when applications had problems
- Provided unit testing and technical specification documents

### **Programmer Analyst (Product Quality Assurance)**

April 2014 – July 2017

Advanced Info Service PLC. (AIS)

#### **Automation Testing**

- Developed reusable functions by using Quick Test Professional (VBScript) and Robot Framework
- Converted manual test cases to automated test scripts for regression testing by using Shell Script, Quick Test Professional and Robot Framework
- Tracked and reported issues in the HP QC
- Setup Jenkins to run automated test scripts

#### **Manual Testing**

- Designed and created test cases to support all requirements for telecom applications. (i.e. Inbound/Outbound Roaming control usage)
- Designed and developed testing scripts for regression testing by using shell script
- Investigated issues and defects with development teams and operation teams
- Implemented testing infrastructure such as installing new library and configuring test lab environment
- Performed solving and troubleshooting problems with vendors when systems failed

### **Internship**

25 March – 31 May 2013

Advanced Info Service PLC. (AIS)

Radio Access Network Technical Division, Radio Planning and Operation Department

- Tested Antennas, RF Repeaters, Tappers, Hybrid Combiners, Diplexers and Triplexers.
- Measured spectrum.
- Provided Testing RF (Radio Frequency) documents.

### **Trainings**

- Agile Testing in Practice, IMC Institute
- Unix and Shell Script, Advanced Info Service PLC.
- Training and Practices on Software Testing Techniques, Aware Corporation Limited
- TCP/IP Fundamental, Advanced Info Service PLC.
- IP Network, Advanced Info Service PLC.
- Programming in C#, Iverson Training Center Co Ltd.
- Ood-e/JavaScript Good Parts, Advanced Info Service PLC.
- SAP Technical Academy Training, Emeritis Thailand.
- SAP Internal Sharing - SAP FI for Beginner, ABeam Consulting Thailand.
- Robotic Process Automation (RPA) Young blood E-Learning, STelligence and Automation Anywhere

### **Skills and Abilities (SAP)**

- ABAP Programming
  - Form: Smart Form and Adobe Form
  - Report: ALV, Text File, Excel

- Enhancement: User Exits
- Web Dynpro
- Cloud Platform Integration (CPI)
- SuccessFactors API
  - SFAPI and ODataV2

### **Skills and Abilities (Non SAP)**

- Operating Systems : UNIX (Linux and Solaris)
- Automation Testing Tools: Quick Test Professional (QTP), Robot Framework
- Scripting Languages: Shell Script, VBScript, Groovy
- Programming Languages: C, Java, HTML, CSS, JavaScript
- Others: Xpath, Regular Expression
